

There are few people who are nerdier than me, but I think my friend Ben Frostad is one of them. He also teaches Hebrew - what a coincidence! He and another Hebrew teacher friend of ours, Ben Schatzlein, recently started something that I think is worth knowing about. I'll let him tell you about it.

Dear friends and family in Messiah,

I am writing this to inform you all about a new project that a few of us have begun. We have started up an organization for the purpose of promoting Messianic Torah missions. We feel this is a subject that is often neglected in our movement. Our goal is to promote current ministries and individuals serving Yeshua around the world, as well as networking with and encouraging Messianic believers who have a heart for missions.

This project is called Messiah to the Nations. Please check out our website: messiahtonations.org. At this point, our primary medium for raising awareness is through our newsletter, which is sent out by snail mail every three months.

There are several ways that we could really use your help:

1. PRAY. Pray for Messiah to the Nations, that the Father would use us to further His Kingdom on this earth. But even more than that, pray for the missionaries and the ministries who are actively doing Messianic Torah missions.

2. Sign up for our newsletter and email updates. Our quarterly paper newsletter contains articles about Messianic Torah missions. We would like to get this into as many Messianic homes and communities as possible! (Click on the sign up link [here](#) to sign up!)

3. If you know of any Messianic missionaries or ministries that you think we should promote (whether close to home or overseas), or if you have any information or contacts about the Messianic Torah movement in other countries, people groups or languages, please contact us at info@messiahtothenations.org and let us know!

4. If you are interested in being involved with Messiah to the Nations and helping us promote Messianic Torah missions, please let us know. We would love to connect with more Messianic believers who have a heart for missions. We can't do this on our own!

5. Finally, we ask that you would please forward this on to others. I normally do not ask people to forward emails, but we would like to let as many people as possible know about this. We really need your help to promote Messiah to the Nations to the Messianic movement in North America and abroad.

Thank you for taking the time to read this. Feel free to contact us at info@messiahtothenations.org with any questions or feedback.

Blessings,

Ben

I read the first two editions of the Messiah to the Nations newsletter and thought it was fantastic!

And here's the best part. Ben has generously shared the original PDF of their first two hard copy newsletters, so you can read them too and get caught up on what's happening! Here are the [first](#) and the [second](#) newsletters.

We're reading the second half of Deuteronomy 32 in parashat Haazinu for Hebrew Chapters this week. Watch and share the trailer [here](#), and join me for the whole study [here](#)!

My friends at the New School for Jewish Studies have some classes coming out this fall, including Hebrew readings in the Psalms and Mishnah! These are great classes to supplement your studies with Holy Language Institute. Have a look at their [class schedule](#) to learn more.
